Our Education Sector Expertise

Galpins has a long association with schools and the education sector. We provide audit and consulting services to more than 180 non-government and government schools in Metropolitan Adelaide, Adelaide Hills, Riverland and Limestone Coast regions of South Australia. We regularly provide audit and consulting services to the Department of Education & Children's Services including internal audit services and audit program development.

Galpins has 3 Registered Company Auditors, all with experience in the audit of the education sector.

Stress-Free Audits

Galpins takes the stress out of the audit process. We clearly communicate with you throughout the engagement. We provide our audit requirements in advance, including details of what documentation and other evidence we need. We discuss our audit findings with you prior to issuing a final report. We work with you to book suitably timed site visits and achieve lodgement deadlines.

Other Services

In addition to financial statement audits, we can also provide the following services:

- Grant audits
- Internal Audit
- Internal control evaluation and implementation
- Assistance with year end journals, financial statements and notes
- Customised spreadsheet development (e.g. project evaluations, management reports and leave calculations)
- Training in financial report interpretation

Why Choose Galpins?

Experience

Galpins has developed specific expertise in providing audit and value added services to the education sector from many years of experience in the audit of non-government and government schools.

Quality & Efficiency

We utilise the very latest audit technology, specialised audit programs and highly trained staff to guarantee a high quality, efficient audit process, with minimal disruption to your staff, fast turnaround times and competitive pricing.

Value Adding

At Galpins, we provide more than just an audit report—we share our knowledge and experience with your school to help you better manage your financial systems, processes and risks.
